

Meet Kenny!

Kenny is an energetic and outgoing 7 year old boy. He is a very active guy and would love a family that will go to the park, go swimming, and play football with him. Kenny loves doing gymnastics and would enjoy showing you his backflip. His favorite sports are wrestling and football and his favorite team is the Kansas City Chiefs. Kenny loves going out to eat, especially if it is for Chinese food.

Kenny's team is currently accepting inquiries nationwide, but would prefer for him to stay in North Dakota in a two parent household with at least one male in the parenting role. Kenny's adoptive family will need to have a great understanding of trauma and the needs of children who have experienced trauma. Kenny has connections in North Dakota and it is preferred if his adoptive family would support maintaining his sibling connections.
